## THE TOKAY IS KING.

Grapes from Grants Pass are creating something of a sensation at the Panama-Pacific exposition. Down in California the folks have been thinking for a number of years that the European varieties of grapes, especially the Tokays and the Malagas, could only be grown there, and the exhibit sent from here to include in the southern Oregon has been somewhat of an eye-opener. Shipments are made by the Commercial club weekly for the display, a number of crates being specially packed at Redlands vineyard. A press report from the exposition sent to the Oregonian has the following comment to make of the grape display:

"Six boxes of Grants Pass grapes, just put up, are fully the equal of anything in the California building at this time, and for quality are the superior, having a better sugar content and much better color. These are Tokays and Malagas."

That they attract attention is proved by the receipt by the Redlands vineyard of orders for shipments. One party wrote to have crates sent to friends in various parts of the east.

Many local people also are sending sample crates of either straight Tokays or Tokays and Malagas packed together, shipped to friends in all directions. Sunday night such shipments at the express office totalled 178 crates, and Monday night two trucks were loaded with the single crate shipments. These will work wonders in advertising the quality of the Grants Pass product, and will open the way to their ready sale in whatever market they may be found.

Six cars of Tokays are now on their way into the markets of the east, and the packing house is at its busiest stage, other cars to be sent as fast as they can be loaded. Great care is being exercised in the packing of the fruit, and it should build up a reputation that will cause a demand that will increase even faster than the yield of the vineyards. The grape industry in this district will be of great magnitude within a few years, its growth in the past two years having been a surprise even to its most enthusiastic supporters.

## NO "LOVE TELEPHONE"

FOR WHITE HOUSE LOVERS

(By United Press Leased Wire.)  
Washington, Oct. 12.—The date of President Wilson's marriage will be announced in due time. This was the only intimation today from the White House concerning plans for his wedding to Mrs. Norman Galt, though rumors had circulated that he was already married.

The story that the president had a private "love telephone" connecting the executive mansion and Mrs. Galt's home was emphatically denied.

## AMERICAN ACCOMPANIST

FOR MADAME MELBA

San Francisco, Oct. 12.—Because Madame Melba liked Prof. Uda Waldrop's interpretation of how Cavalier Rusticana would sound in ragtime, he is the first American pianist ever engaged by her as accompanist on a concert tour. After filling twenty engagements in California Melba will go east.

## HIGHWAYS AND SUGAR BEETS TAKE CLUB ATTENTION

At the regular session of the Commercial club last night highways and beet sugar factories were the questions discussed. The attendance was large at the meeting. The club will co-operate with the promoters of the proposed sugar factory, and a committee will be named to work with committees from the farming districts in the soliciting of acreage for planting next year. A letter addressed to the club from Alex Nibley, secretary and one of the directors of the new company, stated that Messrs. Nibley and Bramwell would be in Grants Pass during the present week when the work will be given an impetus. The statement issued by the directors shows that the experiments of the season have proven the Rogue valley as well adapted to the culture of the beet, their production and sugar content being fully the equal of those from any of the great sugar producing sections.

The sentiment of the members of the club was for the improvement of the highway from Grants Pass to Takilma at the earliest possible moment that the mines there can operate the year through. Judge Gillette of the county court stated that the few miles needing repair could be gravelled for about \$8,000, but that at present there was not sufficient funds available to do it.

H. L. Gikley called the attention of the club to the approaching visit of S. A. Williams, representing the attorney general of the United States. Mr. Williams is visiting the state to obtain data regarding the O. & C. land grant, and he will soon be in Grants Pass to become informed on conditions here.

## PRINCE ALBERT

the national joy smoke

is such good tobacco you feel like you could just eat the smoke!

Yes, sir, P. A. puts a razor edge on your smoke-appetite-division that's nobby enough to be photographed! No other pipe and cigarette tobacco can be like Prince Albert, because no other tobacco can be made like Prince Albert. The patented process fixes that—and removes the tongue-bite and throat parch! Let that digest!

The toppy red bag, 5c

For you can put your little old blue-pencil O. K. right here that Prince Albert is a regular double-header for a single admission—as joy's to your tongue and taste one way as the other!

Will the "rollers" kindly step forward for a spell and get some of this listen into their systems? Because Prince Albert certain and sure jams more joy into a makin's paper than ever before was figured up on two hands!

In the plain language of the hills, you can't any more resist such makin's tobacco than a bullfrog can pass up a piece of red flannel! Because P. A. hands to you everything any cigarette roller ever dreamed-out—rare flavor, and aroma, and mildness, and body; absolutely the best bet—the best smoke

And that line of conversation is 24 kt., whether you play P. A. in your old jimmy pipe or roll it into a makin's cigarette.

you or any other man ever did roll and put the fire to! Men, we tell you to wise up.

P. A. is crimp cut and stays put—which means rolling P. A. is as easy as falling off a log. And it's good to remember P. A. is put up in the toppy red bag especially for you "rollers." Sells for the price of a jitney ride, 5c.

Now, will the "pipers" kindly open both ears?

Here's tobacco that has made it possible for three men to smoke pipes where one smoked before!

Any way you hook it up, Prince Albert is tobacco insurance! Yes, sir, it guarantees your future as well as your present smokings! And just makes your tongue so jimmy pipe joy's that your smoke appetite grows whopping big. You men who "dassn't," we say you go to P. A., natural-like! Because there isn't a bite in a barrel of this national joy smoke.

Unlimber your old jimmy pipe! Dig it out of the dark corner, jam it brimful of P. A. And make fire with a match! Me-o-my!

You get acquainted with Prince Albert in the toppy red bag, 5c; or tidy red tin, 10c, but for the double-back-action-joy, you buy a crystal-glass pound humidor. And then you're set! You see, it has the sponge-moistener top and keeps P. A. at the highest top-notch point of perfection. Prince Albert is also sold in pound and half-pound tin humidors.
